DET 1

STAIN REMOVER
for oily and greasy substances

Paste stain remover expressly studied and formulated for the specific removal of stains of greasy and oily nature. It does not remove food and organic stains such as wine, coffee, fruit etc. for which DET 2 must be used.

By one or more applications the oily or greasy stain, even if deeply penetrated, comes on the surface and is absorbed by the solid substances contained in **DET 1**. By this way the stain can be easily and completely removed by a simple mechanical action.

FUNCTION	Solvent based stain remover, not foaming, for oily and greasy stains.
LINE	HOUSE MAINTENANCE
INDICATIONS	Suitable for the removal of every kind of greasy stains, dregs, sludge, wax, smog environmental stains, lamp-black etc...
MATERIALS	Recommended for all kind of porous and not porous stone materials. Do not use on rubber, linoleum and synthetics, painted wood etc...
USAGE	Before the use shake well the bottle. Apply DET 1 on the stain to be removed and let the product work about 30-40 minutes long. Remove the residual with a clean and moist cloth. If needed repeat, one or more times, the application. Repeated applications can remove also deep stains and eliminate definitively eventual superficial halos/marks.
TEST	A preliminary test on a small, hidden area is recommended before application.
COMPOSITION	Contains mix of solvents: methylene chloride, methyl alcohol, butanone and highly absorbing powders . Avoid the contact with eyes and skin. Wear impermeable gloves (rubber or PVC).
TECHNICAL INFORMATION	The application of the product doesn't damage marbles, granites and natural stones but can locally remove some kind of superficial treatment that must be successively restored.
STABILITY	Stored in dry place, at temperature of 15-25°C (59-77°F), in the original containers well closed, the product is stable.
LIMITATION OF LIABILITY	The data provided derive from published information or from our own laboratory tests. The information provided here must be considered as a guideline and not as any form of performance guarantee. Liability for defective products, when verified, is limited to the refund of the purchase price since application of the product is beyond the control of the manufacturer or supplier.
NOTE	Solvent based stain remover. Wear impermeable gloves. Keep out from children reach. For further information see the label or consult the Safety Data Sheet.
IMPORTANT	The presence of solvents can locally remove eventual pre-existent treatments.

A PRELIMINARY TEST IN A SMALL, HIDDEN, AREA IS RECOMMENDED BEFORE THE APPLICATION
